

Jaclyn Rowe – introduction for personality workshops

Our special guest this morning is a native of rural Potosi, MO. She is a graduate of Missouri Baptist University in St. Louis where she earned a Bachelor's degree in Communications and a Writing Certificate in English.

Professionally, she worked as a video production specialist and on-air personality in St. Louis television for nearly nine years. She does voice-over work and is a marketing consultant for rural businesses. Jaclyn and her husband also own and operate a manufacturing company and are the producers of Holiday Inground Pools.

Since 2005, she has been a professional speaker and trainer. Through Monster.com's *Making It Count Program* she motivated and encouraged nearly 80,000 high school and college students in Missouri alone. She co-authored her first book "Ready, Set, Succeed; Making Your Dream Come True" in 2007.

As a Certified Personality Trainer, Jaclyn is here today to teach us the importance of understanding others and ourselves in order to improve relationships, communication and customer service.

Please give a warm welcome to Jaclyn Rowe.
