Energetic, Poised, Humorous, Smart, Professional, Conversational, Powerful, and Entertaining...
... all words that have been used to describe Jaclyn Rowe's speaking style as she seeks to inspire and move others to live an extraordinary life through Christ.

With the heart of a teacher and a teachable heart, Jaclyn's desire is to present the truth of God's word in a relevant and relatable way while moving people to action.

As a national speaker and a Certified Personality Trainer, Jaclyn has spoken to thousands of students and individuals on a variety of topics. One of her passions is to impress upon others the value and significance of understanding how God created us uniquely and for a profound purpose.

Jaclyn is a co-author of the book "Ready, Set, Succeed, Making Your Dream Come True." In the book, she offers a Biblical worldview of success.

Jaclyn resides on a cattle ranch in beautiful southeast Missouri with her husband, Nathan, and their two children, Peyton and Chloe. The whole family is very active in their local church and community.

Jaclyn's story is all about God's grace and faithfulness. Whether she is your keynote speaker or retreat or seminar presenter, she is sure to lead you in re-discovering that Christ is the way to life extraordinary!

KEYNOTE SPEAKER for Women and Teen Girls

Jaclyn is available to speak at Christian Women's conferences, retreats and outreach events. She does not offer a "canned" program, but chooses to craft each message based on prayer, audience need, desired outcome and her personal Bible study. Grounded in the authority of God's word, she always uses scripture, Bible teaching, humor, personal stories, relevant research and creativity to deliver a dynamic and uplifting keynote address.

Keynotes range from 20 minutes to 1 hour. Presentations may also be developed as a series of messages for one event and are themed around topics such as Christian leadership, spiritual growth, relationships in marriage and family, unity, faith, evangelism, Bible study, inspiration, passion and purpose, purity, and insecurity. Jaclyn's Statement of Faith and specific ideas for topics may be found on her website.

The Personality Tool
Wired That Way Personality Presentations

- Understanding the topic of personalities and using personality tools is a tremendous asset to any ministry. Ministry leaders, church staff, volunteers and youth can all discover practical information grounded in scripture to encourage positive change.
- This interactive presentation is a tool to help those in ministry become more effective servants and stewards of their unique strengths and God-given gifts. The purpose of personality training is three-fold: to ignite a passion for personal spiritual growth, to gain understanding for the improvement of communication and unity in relationships and to offer an essential tool for effective outreach.
- With scripture as a guide, Jaclyn enthusiastically presents her knowledge of the four main personalities: Popular Sanguine (yellow), Powerful Choleric (red), Proper Melancholy (blue), and Peaceful Phlegmatic (green) using a highly interactive approach. Presentations are customized according to audience need and time allotment. Each presentation begins with an overview of the personalities and a simple personality assessment. From there, the presentation is tailored to match your topic choice. Topics may include: personalities in leadership and ministry, how to identify personalities and adjust your approach for outreach, spiritual perspective and view of God based on personality, personalities in the Bible, the personality of Jesus Christ and personalities in the four gospels. In workshop or training settings, each audience member will receive their own personality packet with a profile, scripture references as well as tips and resources for further study.

This presentation may be given as a keynote and is perfect for marriage retreats or team building. Offered as a half or full-day seminar or weekend conference.
1.5 - 3 hours of teaching.
